CommUnity Center
Building Community. Enriching Lives

Annual Report

2023 - 2024

A message from

Felipe Sousa-Lazaballet
Executive Director

Dear Friends,
¡Aquí Estamos! We Are Here!

As I reflect on the past year, I'm struck by the immense challenges we've faced as a community—and the resilience that continues to define us. From legislative attacks to growing xenophobia, we're living in a moment of existential crisis. Immigrants are being targeted in ways we haven't seen in decades, and our community is being called to fight for the very soul of this country. What does it mean to be an American? What does it mean to have equitable access to opportunity—the chance to thrive, make choices, and live in freedom as your true self?

At Hope CommUnity Center, we've made it clear that we won't be a well-kept secret tucked away in Apopka. We're standing tall, not only for our community but with them. This is why we've been hard at work, building leaders across the state, investing in our internal capacity to serve more people, and bringing our organization fully into the 21st century. It hasn't been easy—far from it. We've faced opposition at every turn, but we've stood firm, just as I did when I marched and encountered the KKK. Today, we're up against many of the same forces, but we're stronger than ever before, becoming an undeniable force for change.

We're fighting for something much bigger than ourselves. We're building a bigger "we"—one that unites us as a powerful collective. Alone, we may feel like a minority, but together, we are the majority, and together we are unstoppable.

We are here. Over the past year, we've talked to voters, organized, and served over 20,000 individuals. None of this would have been possible without the dedicated volunteer hours, community support, and the unwavering belief that Hope is more than just a name—it's a promise.

Less than three years ago, Sr. Ann passed the torch, and I am honored to be holding it today. But this torch doesn't belong to me alone. I'm sharing it, passing it to a new generation who is ready to meet this moment with courage, conviction, and compassion. This work, this mission, isn't easy. In fact, it's incredibly hard. But it's also incredibly necessary.

We are investing in people—our staff, our volunteers, and most importantly, our community. We're creating infrastructure that brings Hope out of our buildings and into neighborhoods across Central Florida. We're preparing the next generation of leaders, training them to be advocates, organizers, and voices for change.

As I look toward the future, I am filled with hope—not because the challenges are behind us, but because I see the strength in our community. Together, we are building a movement. Together, we are shaping a future where everyone belongs. Thank you for being part of this journey. We are here. We are growing. And with your support, we will continue to rise.

In solidarity,

“DO SOMETHING!! MAKE A DIFFERENCE!! BE ENGAGED!!

It Can Be Small or Large, One time or Ongoing

I thank you for your love and support all these many years. This work and life with you, lifting-up the lives of immigrants, farmworkers, LGBTQ+ folks, and giving awareness of white supremacy and racism as well as all forms of oppression. This work has been the LOVE OF MY LIFE!

Together we are the BELOVED COMMUNITY, living in communities of connection and belonging.

In 1971 I came to FLORIDA with three other Sisters of Notre Dame to serve the migrant farmworkers for a year or two at the most. I have stayed for over 53 years because of YOU!

I fell in love with YOU ALL: with your goodness, hospitality, solidarity, culture, faith, resilience and FIESTA! We together have made changes, fought injustices, and created the BELOVED COMMUNITY among us. A few of the results of this work include Community Health Centers, Farmworker Association of Florida, Homes in Partnership, Self-Help Credit Unions. All of these are still in several locations. Also established for the community were Legal Aid Services.

None of this would have happened without the Office for Farmworker Ministry as the founding organization and its faith-based mission. All of this resulted in the flourishing of Hope Community Center and its many programs which address: Immigrant Rights, Anti-Racism, LGBTQ+, Citizenship, Youth Groups, Adelante Caminantes, and many other social justice issues expressed often through the creative arts.

If you want to honor me, I ask you to act on behalf of justice, peace, community and kindness. Here are some prompts: HELP GET OUT THE VOTE, volunteer, tutor, gather friends and family to have a conversation that matters, support a cause YOU care about, make up something you think will make the world a better place. Of course, another option is a donation to Hope Community Center.

As Teddy Roosevelt said, “Do what you can, with what you’ve got, where you are.”

DO IT. KEEP ON DOING IT. Let us know. Send us a message telling us what you are doing and how it is turning out.

Gracias”.

Our Mission

Hope CommUnity Center fosters diverse, empowered, learning communities engaged in personal and societal transformation. Through service and advocacy, we stand together with immigrants and others who are tenacious and courageous in the face of all systems of oppression.

151 immigrants served through translations, power of attorneys, passport applications, and more.

After 26 years as legal residents, finally became citizens of the US. Orlando's case was complicated because he's deaf and both a sign language interpreter and a Spanish interpreter were required.

7 immersions were hosted during the year.

Participated schools: Stetson, Stonehill, Gonzaga, Rollins.

156 students were empowered.

21 families hosted our students, with some families hosting multiple times.

We virtually presented our advocacy module to a group of 25 students from Gonzaga College High School for their Ignatian Heritage Day.

Two alumni returned this year to visit their host families, highlighting the lasting bonds formed through our immersion program. These reunions show the deep impact of our Host Families, who foster meaningful connections that make our program unique.

Service Learning

Partnerships

This past year marked 33 years of our longest-standing partnership with Gonzaga College High School. Scotts Farms, Green Masters Nurseries, FWF’s Garden, and Dewars Nursery.

“As a Clinical Social Work Intern at Hope Community Center, I supported immigrant families in coping with mental health challenges. At Kids Camp, I helped children build self-esteem and resilience through activities like affirmation jars, encouraging positive self-identity and emotional well-being”.
